Summary of Current Business

1. DEIC Impact Award

- a. 3 nominations (yay!)
- b. Voting committee will read through nominations and vote, hope to have it decided by June 1st
- c. Review the application process next year - allow supplementary/additional things to be submitted

2. Peer mentoring

- a. CMB admin are setting up peer mentor matches, asked if we want to have a peer mentor training
- b. Currently no plans (and likely not enough time) for a formal training
- c. Provide a guide/handbook for peer mentors
 - i. SciMed has something like this in place - potentially Christi could help adapt for CMB

- d. CMB admin sends out reminders for “benchmarks” to check in on - this has been helpful
- e. Could encourage peer mentors to take the Research Mentor Training from Delta
- f. Survey of first year students if peer mentoring has been useful (has this been done already?)

3. Teaching resources for faculty

- a. Summary doc on google drive
- b. Developing a new course is a major challenge
- c. Informal student-led seminar
- d. How hard is it to start a 1-credit “journal club” type class
- e. Could develop as part of a Delta internship?

4. Land Acknowledgement

- a. Still in progress, comments/feedback welcome
- b. Will try to finalize soon for posting to the website

5. Building recruitment relationships

- a. Focus on summer research programs at UW - students who have been here and may be interested in CMB

Notes/misc

- Catering: could CMB use more local businesses owned by POC?
