Thesis Committee Formation and Change Form

This form is used to establish your thesis committee or to update members on your committee. If your thesis committee changes, submit this form with the signature of your thesis advisor and the new committee member, noting who they will replace.

CMB students have a total of five faculty on their thesis committee, three must be CMB trainers, and one of those is your thesis advisor. You will choose an additional three committee members by March 15 of your first year, with the input of your thesis advisor. By March 15 of your second year, you should select the last (fifth) committee member yourself and get approval from your thesis advisor. The fifth committee member should be someone you are comfortable approaching to ask for input on a variety of topics.
