

LIFE SCIENCES SYMPOSIUM: HABLEMOS DE CIENCIA

Join us for a day of science in Spanish! Everyone in the life sciences research community at UW-Madison is welcome to attend.

You can expect:

- oral presentations by graduate students and postdocs
- poster session
- talking about science in Spanish!*
- food!

*The purpose of this symposium is to practice our science communication skills in Spanish. It is required for all attendees to have some competency of the Spanish language; you do not need to be fluent.
